SUMMARY

B.Tech final-year student with a strong foundation in **Java programming** and hands-on experience in **full-stack Software development** using **Flutter, Firebase, React, Node.js, Express.js, MongoDB, and PostgreSQL**. Familiar with the **fundamentals of Spring and Spring Boot** and currently expanding skills in **Artificial Intelligence** and **Machine Learning**. Proficient in debugging and **publishing applications** on the **Google Play Store**. Possesses strong leadership, team work, and problem-solving skills, with the ability to build end-to-end projects from concept to deployment.

EDUCATION

- **Bachelor of Technology (B.Tech) - Information Technology** |2023 -2027
  St. Vincent Pallotti College Of Engineering & Technology (**CGPA : 9.44**)

SKILLS

Technical Skills : Java, Python, C, SQL, Flutter, Dart, React
Backend Technologies: Spring, Spring Boot, JPA, AIML, Firebase, Appwrite, Node.js, MongoDB, PostgreSQL, REST API, JWT, Bcrypt
Tools & Platforms : Android Studio, VS Code, Google Collab, Flutter SDK, Git, GitHub, Postman, Maven, Claude, Cursor, Replit

INTERNSHIPS / WORK EXPERIENCE

Unnat Bharat Abhiyan (UBA) - Technical Team Lead | APRIL 2025 - Present
Leading the **technical team as a Coordinator** in developing a school management software for accessing multiple schools for teachers and students. (App link)

Android Developer Intern - Google for Developers, Virtual | JAN 2025 - MAR 2025
Completed a **10-week virtual internship** focused on Android application development. Gained hands-on experience in Android app design, Firebase, development, and deployment using modern tools and frameworks.

Software Developer Intern - Northern Lights Analytics Pvt. Ltd. | JAN 2026 – JUNE 2026
Worked as a **Software Developer**, gaining hands-on experience in web and mobile application development, backend integration, debugging, and collaborating with the team to build efficient and scalable solutions.

PROJECTS

1. VisionTrack - CCTV Mapping & Surveillance System for Police(LIVE)
Tech Stack: Flutter, Dart, React, HTML, CSS, Spring, Spring Boot, PostgreSQL, PostGIS, REST APIs, JWT Authentication, bcrypt
Achievement: Awarded **3rd Best Project** in the college **Best Project Award** Competition.

- Developed a cross-platform CCTV mapping and investigation platform with web and mobile applications to help **Nagpur police** to locate nearby CCTV cameras during investigations and emergencies.
- Implemented GPS-based camera registration, interactive map visualization, location-based camera discovery, investigation management, and role-based access for administrators, police officers, and surveyors.
- Integrated the Flutter mobile app and React web with a centralized Spring Boot backend and PostgreSQL, PostGIS database through secure REST APIs.

2. Vidya Sathi – School Management & Educational Application (LIVE on Play Store**)**
Tech Stack: Flutter, Dart, Firebase, Cloud Firestore, Firebase Authentication, Excel Export, Play Store Deployed

- Developed and published a school management application serving teachers and students across multiple rural schools, achieving **100+ downloads** on the Google Play Store.
- Implemented attendance Implemented attendance management, Excel report generation and sharing, and secure school-wise data isolation.

3. FitLens AI - AI Powered Food & Fitness Tracking (LIVE)
Tech Stack: Node.js, Express.js, Flutter, AI, MongoDB Atlas, REST APIs, JWT Auth, Hive(Local database)

- Developed a full-stack AI based nutrition and fitness tracking application that analyzes food images and to estimate calories, protein, carbohydrates, fats, and fibre.
- Implemented personalized BMR based nutrition targets, AI meal scanning, AI meal suggestions, nutrition label scanning, hydration, supplement, workout, daily progress tracking, offline synchronization, and AI-powered fitness coaching.

CERTIFICATIONS

- Data Structure and Algorithm using Java – IIT Kharagpur (**NPTEL**) | 2025
- Redington – **Microsoft AI Program** - AI Training & Industry Program | 2026
- COURSERA - Flutter and Dart: Developing iOS, Android, and Mobile Apps
- Programming with Python – Simplilearn

ACHIEVEMENTS & POSITIONS

Ranked 6th– GeeksforGeeks College Coding Leaderboard

- **Ranked 6th** among **760+ registered students** on the GeeksforGeeks College Coding Leaderboard with a **850+ coding score**.

2nd Prize – National Level Project Competition (SYNERGY-26)

- Secured 2nd position and **₹11,000** cash prize among multiple teams for the **AI-based project.**
- a Developed an AI-powered healthcare platform for automated brain tumor detection, classification, and clinical insights.

2nd Prize – TechQuest 2026, TECHNEX (National Technical Event)

- Secured 2nd position and **₹8,000** cash prize in TechQuest, a technical problem-solving and coding among multiple competing team.
- Recognized for delivering a strong technical solution through coding proficiency, and effective implementation.

3rd Best Project – Best Project Award – SurakshaNet

- Recognized as the 3rd Best Project in college for developing SurakshaNet, a web and mobile-based platform.

Chief Technology Officer (CTO) – **NKSKILLEDGE Pvt. Ltd.**

- Served in a technology leadership role for 3 months, overseeing technical activities and contributing to team coordination and development.
